

BUSINESS ANALYST GENERAL INSURANCE

Preview specialises in modernisation & transformation for insurance.

We currently require experienced Insurance Business Analysts to join our growing team. Based in Sydney, we have challenging roles working in the Australian Insurance industry.

You will undertake detailed analysis of business and technical needs to describe solutions and implications for current business practices and other projects or enhancements.

ROLE REQUIREMENTS

Demonstrated practical experience is required with :

- ★ A minimum of 5 years working as a BA in Insurance or Financial Services
- ★ Great facilitation and excellent communication skills
- ★ Strong documentation skills
- ★ Familiarity with software development life cycle techniques required to implement effective business and information systems
- ★ Broad insurance process and technology knowledge
- ★ An understanding of and experience in project management
- ★ Demonstrated ability in 'thinking outside the square'
- ★ Take responsibility for decision-making and demonstrate the basic qualities associated with team leadership
- ★ A knowledge of testing techniques
- ★ Experience working within an AGILE environment will be highly regarded

TO APPLY
