

# INSURANCE APPLICATION SPECIALISTS

## Huon, CLOAS, Polisy, PMS Series II

**Preview specialise in maintaining ‘heritage’ insurance applications and we currently seek to expand our offshore bandwidth.**

### WHERE?

---

From Australia we support insurers based here and overseas. **Right now**, we are looking for applicants with significant experience in any of the following; Huon / Protect, CLOAS, Polisy or PMS Series II.

**General knowledge requirement:** A detailed understanding of the life or general insurance business itself is mandatory . You have probably been in and around insurance IT for more than 20 years!

3 - 5 years experience in one (or more than one) of the applications we’ve listed is the minimum requirement but that specific experience does not have to be current or even recent.

### ABOUT THE WORK

---

As part of a small team, you will be doing hands – on programming changes. Strong analysis skills and the ability to work to tight deadlines are extremely important. Much of the client work is unglamorous “business as usual” (BAU) tasks, typically encompassing legislative changes, rate and product enhancements as well as bug remediation.

**Engagement** is flexible. We offer contract or employee based hire, either full time or part time. Once up to speed, most of this work can be undertaken remotely / from home; via the web. Your location can be anywhere in the Asia Pacific region although Sydney or Melbourne is preferred

People with existing ‘day’ jobs wishing to supplement their income after hours (including weekends) are also invited to apply. As a guide, the minimum commitment range is 15 – 20 hours per week

**Join us and be rewarded for your long-term career experience and expertise**

Submit CVs or queries to [hr@pre-view.com.au](mailto:hr@pre-view.com.au)

Personal Applications Please! Submissions from recruitment agencies are not accepted for this role.
